## **DAY 1 Rano Kau - Orongo**

Welcome at Mataverí airport with traditional flower necklaces and transfer to an exceptional hotel whose architecture evokes the traditional Rapa Nui boat houses.

In the afternoon exploration of the island will begin with the encounter of spectacular Moais in every corner of Hanga Roa village, continuing with a trekking from Vaitiare to the striking Rano Kau volcano crater, going through the also will visit the beautiful ceremonial village of Orongo, a compound of fifty basalt elliptical houses. In this place other investment of the powers of Tangata Manu, the bird man, took place every

year after the celebration and contest for the title. Continuing the expedition, we will stop by the West side of the volcano into the cave of Ana Kai Tangata, whose walls contain representations of Manutara (sea swallow), the sacred bird of Rapanui.

## **DAY 2 Rano Raraku - Anakena.**

The day starts early to continue discovering the secrets of the island, today you will discover the path of the mysterious Moais. The expedition begins visiting the least explored places in the island; Vinapu, with its

Ahu Tahira, whose perfection reminds the walls of Machu Picchu, then retracing the path of the Moais, heading to the east coast of the island, you will admire the process of construction and transport of these colossal sculptures. At the feet, beside the coast you will see the largest Moai in the island installed on the Ahu of Tongariki, the most striking Ahu of the island. From there the trail takes you up the slopes of Rano Raraku volcano where the quarry still contains a large number of Moais in the process of being sculpted, still buried in their bed of rock. After Rano Raraku the road continues to Anakena beach, with white sand, palm trees, but also an archeological

site, with petro glyphs, Moais, caves and different types of platforms , with the immensity of the Pacific Ocean as backstage. Finally enjoy bathing in the quiet turquoise water of Anakena Beach, a place where the true spirit of the island lives.
